

PLANT INSTRUCTORS NEEDED AT GREEN UMBRELLA IN WINTER PARK, FL

I want to have workshops here at Green Umbrella. I want to work with plant vendors to get the plants needed for the workshop and to teach the workshop.

Business Model:

If \$10 is charged for each plant, and you have a workshop of 10 people, that is \$1,000. I would need to know the minimum needed for you to come out (say only 2 people show up, for example). That way if we don't reach a minimum, we can cancel the workshop.

Here are workshops I want to have:

1. Lettuce/Spinach That Grow in Central FL All Year Long!
2. Grow Your Own Tea Garden
3. Grow Your Own Asian Greens Garden
4. Create Your Own Cactus/Succulent Garden
5. Unique Herbs: start/add exotic herbs to your culinary adventures
6. Heal Thyself: Grow your own medicinal herbs
7. Heal Thyself (Advanced): Grow your own medicinal herbs
8. Grow Your Own Mushrooms: Learn How to Inoculate a Mushroom Log
